## *Pastor's Corner*

In our gospel reading today, Jesus reaches out in an act of healing love and touches a person who was suffering and isolated because of leprosy. In making this connection Jesus made himself ritually unclean and yet it was a necessary action to bring unity and communion back into the life of this person who was banned from the community because of leprosy.

Jewish law required that a person who became ritually unclean by touching a leper, to enter a period of purification before entering the synagogue. Some scripture scholars think this is why Jesus remained outside in deserted places after he touched the leper. He followed the purity laws but none-the-less people kept coming to him from everywhere. They too longed for healing love, a new life, the unity that was possible because of Jesus.

Blessed Teresa of Calcutta worked with lepers throughout her years of ministry. She once said "We have drugs for people with diseases like leprosy. But these drugs do not treat the main problem, the disease of being unwanted." The disease of being unwanted is a terrible disease. We can continue the work of Jesus by reaching out to those among us who are considered "unclean," the person we avoid talking to, the family member we ignore or the person we shun because of race, creed or cultural practices.

At other times we can identify with the leper and feel that we deserve to be punished and kept at a distance from God and other people. What is the sin that you are most ashamed of? In spite of our sinfulness Jesus reminds us that we are meant to approach Jesus with the same confidence as the leper approaches Jesus. In this Lenten season Jesus invites us to come to him for healing and for us to in turn be a healing presence to others.

Fr. Angelo

### **Lent Begins February 18th**

On Wednesday we will begin the season of Lent, a journey that some call the Church's annual retreat. Individually and collectively we prepare our heart, mind and soul for the celebration of Easter by responding to the call to turn away from sin and believe the Good News. In this season of grace we are invited to re-evaluate our relationship with God and with one another. As a community of faith we journey with the Elect who are preparing to be received into the church at the Easter Vigil. It is a time of reflection, penance and purification for all of us as we prepare to renew our baptismal promises at Easter.

**Lenten Reminders of Fast and Abstinence:** Ash Wednesday and Good Friday are days of abstinence from meat and also days of fast, that is, limited to a single full meal. Some food (not equaling another full meal) is permitted at breakfast and around midday or in the evening depending on when a person chooses to eat the main or full meal.

The other Fridays of the season of Lent are days of abstinence from meat. The law of abstinence binds all Catholics 14 years and older. The law of fasting binds all Catholics from their 18th birthday until their 59th birthday (canons 97 and 1252). There are other ways of doing penance such as prayer, acts of self-denial, almsgiving and works of personal charity, making the way of the cross or praying the rosary, visiting the sick and shut-ins, giving up a favorite food, drink, game or show, reading scripture or anything of a sacrificial nature that helps you recognize God as the center of your life and the need to care for God's people.

## ***Region 7 Health Ministry***

This week we begin our Lenten walk. This year the walk is dedicated to St. Gaspar del Bufalo in recognition of the 200th anniversary of the founding of the Missionaries of the Most Precious Blood. The time frame of the walk is that of St. Gaspar's missionary years, 1814-1825. St. Gaspar had just been released from prison along with many other priests who had not sworn allegiance to Napoleon. St Gaspar immediately began building the foundation for his missionary order of priests to bring the message of Christ to the poor and disenfranchised in Italy. Throughout the entire 11 years of his active missionary work he encountered resistance from within the church for his success in his work and the focus of his ministry on the Precious Blood.

In 1814 Saint Gaspar de Bufalo began work on his foundation devoted to the Precious Blood of Christ. In a letter to his fellow priest and supporter, Father Bonanni, St. Gaspar reflects on the zeal and prudence, which he puts to the new task, but also taking up of his design of a permanent organization, devoted to the precious blood of Christ; **MISSIONARIES OF THE MOST PRECIOUS BLOOD.**

**"An evangelical worker to whom is opened the way to perpetuate, even after his death, an institution so praiseworthy must not abandon the work."**

As we begin our journey during Lent let us follow in the footsteps of St. Gaspar with the work to improve our physical health and mental well being..

The goal of the Lenten walk is to take time to pray and mediate on the quotes provided from St. Gaspar as we exercise the body God gave us. The activity is open to all ages and abilities, 15 minutes of exercise is equal to 1 mile, we are asking that you give us either time or miles engaged in any physical activity that you are focusing on the missionary work of St. Gaspar. Data collection forms and the basket to place them are in the back of church. Any questions please contact Beth Anderson – [banderson4@woh.rr.com](mailto:banderson4@woh.rr.com) or 937-938-6286.
