## *Call to Prayer for Life, Marriage and Religious Liberty*

The Catholic Bishops of the United States have called for a nationwide effort to advance a movement for Life, Marriage and Religious Liberty through prayer, penance, and sacrifice. The goal of this call to prayer is twofold: (1) to increase awareness of these challenges and (2) to build spiritual stamina and fortitude among the faithful so that we can be effective and joyful witnesses of faith, hope, and charity and agents of the New Evangelization. In support of this movement we will dedicate part of the weekly Tuesday Night Novena service for the intention of a greater respect for life and the sanctity of marriage. Beginning June 9th and continuing through this year's observance of the Fortnight for Freedom (June 21-July 4) we invite all parishioners to the Tuesday night Novena which runs from 7:00-8:00 p.m. at Emmanuel Church.

## Pastor's Corner

Does the year 1263 hold any significance in your memory? This was the year that Pope Urban IV instituted the Feast of the Body and Blood of Christ as a way of strengthening our belief in the Real Presence of Christ in the Eucharist. The Pope asked the great theologian St. Thomas Aquinas to compose various prayers to help express our belief in the Eucharist. One such prayer became the hymn Pange Lingua.

In this hymn St. Thomas says: Jesus gives Himself to us as food with His own hands. "The Word made flesh by His own word makes-true bread- become his flesh." God, who by His word created the universe and all that is in it...that same living Word of God transforms the elements of bread and wine into the body and blood of Christ. In doing this Jesus wanted to assure his disciples and all of us that he would be with us forever walking with us through the desert times of life as well as in our days of joy.

It's important to remember that the food we receive in the Eucharist is not symbolic of the body and blood of Christ, it is the Real Presence of Christ! Yes, our senses tell us it has the appearance of bread and wine but our senses can only take us so far...there is always a deeper truth that isn't apparent at first glance.

© Anthony J. Bellomo

For example, when we use our sense of sight and look into the night sky we see the light of the stars and could think that the light of the star is being produced today. Yet, looking deeper we understand through science that the light we see today was actually produced some 35-80 years ago and it has taken this long for that light to get to us.

At Mass, through the words of consecration and the power of the Holy Spirit, the bread and wine become the body and blood of Jesus. We call this transubstantiation. We can't see the change and yet we believe in faith that it happens. As St. Thomas teaches..."let faith FILL IN where the senses fail us." The awesome gift we receive is the bread of heaven and the cup of salvation. In other words we experience a bit of heaven, here, now, today. The food we receive is the food that sustained our ancestors in faith, it is the food that is served at the heavenly banquet table and it is the food that sustains us.

As we receive this gift we are to become what we receive! Just as Christ poured out his life blood in loving service we must do the same. The Precious Blood of Jesus reminds us that God has made ALL life, all blood, precious. When we allow our hearts to be steeped in the Precious Blood of Jesus we can begin to see God's presence here-now-in everyone.

In this we see that we are all one blood with the people suffering from natural disasters throughout the world; we are all one blood with the homeless and hungry in our city; we are all one blood with the neighbor who sits alone with no one to visit.

Whenever we receive the body and blood of Jesus may we be aware that the Real Presence of Jesus is with us to fill our every need and to strengthen us that we may respond like Christ to whatever comes our way today, building up of the body of Christ, as we wait in joyful hope for the coming of our Savior Jesus Christ.

Fr. Angelo
