

# St. Joseph Parish Life Center

## Holy Family Grotto

On the south side of our new St. Joseph Parish Life Center we are planning an outdoor grotto in honor of the Holy Family. This grotto will include the cornerstone from the original school building as well as limestone blocks from the old school foundation.

The Grotto will feature a memorial walk and patio area made from engraved paver bricks. This will be a lovely area to pause and pray and will add additional beauty to our new Parish Life Center.

The engraved bricks measure 4" x 8" and are being sold for \$100 each. You may order as many bricks as you like.

The Sisters of Charity and the Precious Blood Chaplains provided us a rich faith-filled foundation and were an extension of the mission of St. Joseph Parish. As a parish, we continue to develop faithful disciples of the Lord so that working together we may continue the mission of Jesus in our little corner of the world. Be a lasting part of the Holy Family grotto and memorial walk with the purchase of an engraved brick.

## Memorial Brick Sale
