## **Protecting our Families from Pornography**

***Presenter: Fr. Kyle Schnippel***

***Sponsored by the on-going series  
“Being Catholic in an Unbelieving World”***

Pornography is epidemic in our culture. Of the fifteen most visited websites, three are porn-related and generate more traffic than Instagram, Twitter, Amazon, Netflix, and WhatsApp combined. To make matters worse, pornography has drastic and long-lasting effects upon the development of the brain. In this talk, Fr. Kyle will discuss the pervasiveness and harm of pornography, why it is so addictive, and how to recognize signs of exposure to pornography among young people. There will be ample time for questions and answers, and online resources and other information will be available.

**Date/Time: Saturday, February 19<sup>th</sup> at 10AM - 12:00 Noon**

**Location:** Parish Life Center across from St. Joseph Catholic Church  
411 East Second St. Dayton, Ohio 45402.
